PTH2350	Community and Public Health
PTH2515	Health Policy and Administration
PTH4120	Global Discrimination
PTH4540	Health Ed and Program Planning
HLTH5450	Healthcare Research

HSCI = Health Science
HLTH = Health Sciences (Interdisciplinary)
PTH = Public Health

Selectives

Students must take at least 3 selectives, two of which must be in one of the categories below at a 2xxx or higher level.

Selective Categories

- Research
- Society and Health
- Policy and Administration
- Physical Activity and Nutrition
- Digital Health

(students will meet with their advisor to discuss selective category)

Pre-Med and Pre-PA

PreMed - PreMed students are encouraged to take Organic Chemistry 1 & 2 with lab, Genetics with lab, Physics 1 & 2 with labs, Biochemistry with lab and Sociology in their elective spaces in order to prepare for the MCATS and medical school. Please consult with the Pre-Health Advising Office: <http://www.northeastern.edu/prehealth/>

PrePA - Each Physician Assistant (PA) program is unique and students must research prerequisite courses for the programs to which they plan to apply. Common courses students preparing for PA school take as their electives often include: Anatomy and Physiology 1 and 2 with labs, Organic Chemistry 1 and 2 with labs, Genetics with lab, Microbiology with lab and Developmental Psychology. Some PA programs require more courses, some programs require less.
