

JEAN FLATLEY MCGUIRE, PhD

290 Pearl Street
Cambridge, MA 02139

(617) 669-7367

j.mcguire@neu.edu

PROFILE Senior administrator and professor of practice with extensive background in public health, long term care, health and social policy development, program financing and management. Diverse experience in public and private sectors and in local, state, national, and international roles. Synthetic thinker with excellent communication skills, well-recognized leadership capability, and an innovative and effective management style. Extensive political and organizational research, development and strategic planning experience.

PROFESSIONAL EXPERIENCE

- Professor of Practice**
1/12 – current
Department of Health Sciences, Bouvé College, Northeastern University, Boston, MA. Senior instructor of graduate and undergraduate public health and health care policy courses addressing acute, ambulatory and long term care delivery system development and financing, public health administration, and social and behavioral determinants of health. Policy researcher focusing on innovations in disability related integrated care, population health and financing, and human services integration.
- Interim Chair**
5/14-8/15
- Senior Research Fellow**
5/11 – 12/11
Center for Social Policy, McCormack Graduate School of Global and Policy Studies, University of Massachusetts Boston, MA. Policy researcher providing senior consultation and analytic support to a diverse array of projects at this multi-disciplinary Center focused on low income related health, human services, and social policy development and evaluation. Current projects include state and national level disability related long term care financing strategy development and technical assistance, national HIV policy integration strategy development, and selected state-based public health projects.
- Assistant Secretary**
5/07 – 5/11
Executive Office of Health and Human Services, Commonwealth of MA, Boston, MA. Senior administrator for disability-related policies and programs. Oversaw ~5B of disability-related long term care, rehabilitation, and employment support services through six administrative agencies and the Medicaid Office of Long Term Care. Provided disability policy, program, and financial planning leadership to prevention, intervention, individual and family support, housing, employment, and long term care services across 17 agencies.
- Senior Clinical Professor**
9/06 – 7/07
Department of Health Sciences, Institute on Urban Health Research, Bouvé College, Northeastern University, Boston, MA. Instructor in *Race, Ethnicity & Health in the US, Community & Public Health, and Public Health in Crisis*; investigator in public health, youth violence, racial and ethnic health disparities, international health, and workplace flexibility; academic consultant to Boston Public Health Commission and to international health & community development projects in South Africa and Pskov, Russia; facilitator for Kenneth B. Schwartz Center Rounds on ethical and compassionate care; dissertation and post-doctoral advisor for graduate students at Northeastern, Brandeis, and the Commonwealth Fund.
- Lorraine Snell Visiting Professor**
11/03 – 8/06
- Assistant Commissioner**
4/98 – 10/03
Massachusetts Department of Public Health, Boston, MA. Directed HIV/STD, Hepatitis C programs; oversaw 70 staff and managed \$85M budget; developed innovative policy, program & fiscal strategies to address changing epidemic & revenue challenges; oversaw health services research activities in disease and behavioral surveillance and diagnostic & clinical management; developed integrated service delivery for incarcerated populations; established unique consumer leadership program; led national drug pricing negotiations; initiated novel harm reduction and substance abuse treatment services; led South African health collaboration.

**Guest Lecturer,
Instructor**
1/92 – 6/02

Harvard School of Public Health; Simmons College; Boston University School of Social Work; Smith and Hampshire Colleges. Taught undergraduate and graduate health services, long term care, public health and public policy courses; adjunct professor, BU School of Public Health.

**Health & Social
Services Program
Consultant**
10/90 – 5/07

Self-employed, Cambridge, MA. Provided management and fiscal planning, policy analysis, research design review, meeting facilitation, strategic planning and other services to domestic and international governmental and non-governmental agencies in health and social services with an emphasis on reproductive health, HIV and other STDs; disability related home and community based services; housing development; correctional services; and substance abuse treatment.

Executive Director
5/88 – 10/90

AIDS Action Council, Washington, DC. Directed national representative public policy association during period of significant federal budget and statutory and regulatory development; developed broad based coalition of national organizations; led drug approval, SSI, and Medicaid coverage change processes; managed major fiscal & structural transition for organization; established foundation arm of organization and tripled overall budget; oversaw staff of 20; worked as registered lobbyist.

**Assistant Director,
Governmental Affairs**
8/85 – 4/88

Association for Retarded Citizens of the United States, Washington, DC. Registered lobbyist. Coordinated federal health insurance, long term care, housing and tax policy development for ARC and for a broad national disability coalition.

**Assistant Area
Director**
2/84 – 8/85

VOCA Corporation, Columbus, Ohio. Directed Washington, DC start-up development of multi-site, proprietary Medicaid intermediate care facilities for people with severe mental and physical disabilities; purchased and renovated 8 congregate housing settings; managed 100 staff.

Consultant
2/80 – 2/84

Self-employed, Washington, DC. Provided management and program consulting services in the fields of mental retardation, substance abuse, and geriatric care.

**Teacher;
Social Services Director**
9/74 – 2/80

Lt. Joseph P. Kennedy Institute, Washington, DC. Taught adolescents with moderate to severe mental retardation; developed school-based social services department; initiated residential care services; managed 20 staff.
