- Kangaroo Mother Care and Neonatal Outcomes: A Meta-analysis
- Obesity prevention and obesogenic behavior interventions in childcare: A systematic review.
- Dihydroartemisinin-Piperaquine for the Prevention of Malaria in Pregnancy

- Global prevalence of antibiotic resistance in pediatric urinary tract infections caused by Escherichia coli and association with routine use of antibiotics in primary care: systematic review and meta-analysis.
- Screening for autism spectrum disorder in young children: A systematic evidence review for the U.S. Preventive Services Task Force. Evidence Synthesis No. 129.
- Early Exposure to Nonnutritive Sweeteners and Long-term Metabolic Health: A Systematic Review.
- Does therapeutic writing help people with long-term conditions? Systematic review, realist synthesis and economic considerations.
- Comparative efficacy and tolerability of antidepressants for major depressive disorder in children and adolescents: a network meta-analysis.
- Hepatitis C Core Antigen Testing for Diagnosis of Hepatitis C Virus Infection: A Systematic Review and Meta-analysis.
- Integrated Management of childhood Illness (IMCI) strategy for children under five.
- A systematic review of the clinical effectiveness and cost-effectiveness of pharmacological and psychological interventions for the management of obsessive-compulsive disorder in children/adolescents and adults.
- BCG vaccination at birth and early childhood hospitalization: a randomized clinical multicenter trial.
- Different antibiotic treatments for group A streptococcal pharyngitis

2015: Reviews

- Prompting Asthma Intervention in Rochester-Uniting Parents and Providers (PAIR-UP): A Randomized Trial.
- Pump Inhibitors on Crying and Irritability in Infants: Systematic Review of Randomized Controlled Trial.
- Randomized Trial of Peanut Consumption in Infants at Risk for Peanut Allergy.
- Cardiovascular risk factors in children after repeat doses of antenatal glucocorticoids: an RCT.
- Motivational Interviewing With Parents for Obesity: An RCT.
- Zinc supplementation for the treatment of measles in children.
- Efficacy and safety of diosmectite in acute childhood diarrhea: a meta-analysis.
- Psychological therapies (remotely delivered) for the management of chronic and recurrent pain in children and adolescents.
- Psychological therapies (remotely delivered) for the management of chronic and recurrent pain in children and adolescents.
- Monitoring strategies in children with asthma: a randomized controlled trial.
- Saline nasal irrigation for acute upper respiratory tract infections.
- Addition of long-acting beta-agonists to inhaled corticosteroids for chronic asthma in children.
- Collaborative care for children with ADHD symptoms: a randomized comparative effectiveness trial.
- Systematic review of physical activity and exercise interventions on body mass

indices, subsequent physical activity and psychological symptoms in overweight and obese adolescents.

- Probiotics for the prevention of allergy: A systematic review and meta-analysis of randomized controlled trials.
- Cost-effectiveness of treatment of acute otorrhea in children with tympanostomy tubes.
- Topical tacrolimus for atopic dermatitis.
- The use of measures of obesity in childhood for predicting obesity and the development of obesity-related diseases in adulthood: a systematic review and meta-analysis.
- An Early Feeding Practices Intervention for Obesity Prevention.
- Recommendations for the management of auto inflammatory diseases.
- Medical-Legal Strategies to Improve Infant Health Care: A Randomized Trial
- A Tailored Family-Based Obesity Intervention: A Randomized Trial.
- Perampanel for tonic-clonic seizures in idiopathic generalized epilepsy: A randomized trial.
- Antibiotics for preventing lower respiratory tract infections in high-risk children aged 12 years and under.
- Effectiveness and Cost of Bidirectional Text Messaging for Adolescent Vaccines and Well Care.
- Two-Year Outcomes of a Population-Based Intervention for Preschool Language Delay: An RCT.

2014: *Reviews*

- Physical Training for Asthma
- Randomized trial of a population-based, home-delivered intervention for preschool language delay.
- Probiotic administration in early life, atopy, and asthma: a meta-analysis of clinical trials.
- Vaccine for Prevention of Mild and Moderate-to-Severe Influenza in Children
- Inspiratory muscle training for cystic fibrosis.
- Efficacy and tolerability of treatments for chronic cough: a systematic review and meta-analysis.
- Early versus late enteral prophylactic iron supplementation in preterm very low birth weight infants: a randomised controlled trial.
- Intensive glucose control versus conventional glucose control for type 1 diabetes mellitus
- An inactivated enterovirus 71 vaccine in healthy children.
- Primary Care Behavioral Interventions to Prevent or Reduce Illicit Drug Use and Nonmedical Pharmaceutical Use in Children and Adolescents: A Systematic Evidence Review for the U.S. Preventive Services Task Force.
- Use of the Diabetes Prevention Trial-Type 1 Risk Score (DPT1RS) for Improving the Accuracy of the Risk Classification of Type 1 Diabetes.
- Post-exposure passive immunisation for preventing measles.

- Oseltamivir for influenza in adults and children: systematic review of clinical study reports and summary of regulatory comments.
- Relative Efficacy of AS03-Adjuvanted Pandemic Influenza A (H1N1) Vaccine in Children: Results of a Controlled, Randomized Efficacy Trial.
- Vitamin C supplementation for pregnant smoking women and pulmonary function in their newborn infants: a randomized clinical trial.
- STARTS-2: Long-Term Survival With Oral Sildenafil Monotherapy in Treatment-Naive Pediatric Pulmonary Arterial Hypertension.
- Vitamins C and E for asthma and exercise-induced bronchoconstriction.
- A Booster Dose of an Inactivated Enterovirus 71 Vaccine in Chinese Young Children: A Randomized, Double Blind, Placebo-Controlled Clinical Trial.
- Treatment of Mycoplasma Pneumonia: A Systematic Review.
- Preparing adolescents with chronic disease for transition to adult care: a technology program
- Timely versus delayed early childhood vaccination and seizures.
- Inhaled corticosteroids in children with persistent asthma: effects on growth.
- Professional breastfeeding support for first-time mothers: a multicenter cluster randomized controlled trial.
- Efficacy of Prebiotics, Probiotics, and Synbiotics in Irritable Bowel Syndrome and Chronic Idiopathic Constipation: Systematic Review and Meta-analysis.
- Randomized trial of vitamin D supplementation for winter-related atopic dermatitis in children.
- Application of moisturizer to neonates prevents development of atopic dermatitis.
- Over-the-counter (OTC) medications for acute cough in children and adults in community settings.
- Interventions for the management of taste disturbances.

2013: *Reviews*

- Combination of budesonide/formoterol on demand improves asthma control by reducing exercise-induced bronchoconstriction.
- The effectiveness of a physical activity stimulation program for children with cerebral palsy on social participation, self-perception and quality of life: a randomized controlled trial.
- Lactose avoidance for young children with acute diarrhea.
- Developmental Delay in Moderately Preterm-Born Children with Low Socioeconomic Status: Risks Multiply.
- Prevention of Depression in At-Risk Adolescents: Longer-term Effects.
- Impact of dietary and exercise interventions on weight change and metabolic outcomes in obese children and adolescents: a systematic review and meta-analysis of randomized trials.
- Probiotics to Prevent or Treat Excessive Infant Crying: Systematic Review and Meta-analysis.
