Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Students enter the program with a masters degree. It is anticipated that time to completion is a minimum of four years.  
 A maximum of 9 semester/12 quarter hours of credit obtained at another institution may be accepted towards the degree, provided the credits consist of work taken at the graduate level for graduate credit, carry grades of 3.000 or better, have been earned at an accredited institution, and have not been used toward any other degree. These courses must have been taken within 5 years prior to the transfer and cannot be taken in the last semester prior to graduation.
