

CONNECT. EDUCATE. IMPACT.

We've partnered with CEI to bring you Preceptor Continuing Education!

With the CEImpact Preceptor and Pharmacist Library, preceptors gain access to online resources, practical tools, continuing education and group discussions to advance teaching skills and engage students and residents. As well as access to required relicensure courses in patient safety, law, immunization and drug therapy with additional new courses released monthly.

Continuing pharmacy education (CPE) courses to strengthen your skills in teaching students and residents
Login To Learn, a monthly, virtual journal club, allowing you and your student to review and evaluate a clinical, primary literature article together. (second Wednesday of every month, 12noon - 1:00pm (central); also available on-demand the following week). Receive 1.5 hours of CPE credit for each journal club!
