Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

The program of study for each student is determined at the beginning of the program by the advisor in collaboration with the Program Director and the student. Those entering the program with prior graduate training should consult with their advisor to discuss the program of study requirements. Students who enter the program with prior graduate training may have modified research and fieldwork requirements. A minimum of 50 credits is required for students entering with advanced standing.
