## OUR VISION

As a global vaccine leader, through the power of innovation, we will advance science to enhance public health worldwide.

## OUR MISSION

Driven by our promise we stand on the front line with partners in public health discovering, developing and delivering pioneering vaccine solutions to safeguard people and communities across the world.

Source: Cassini et al, Impact of Infectious Diseases on Population Health, European Union and European Economic Area countries, 2009 to 2013, Eurosurveillance, April 2018

# WE ARE ONE FAMILY

CSL has delivered biotechnology excellence for over a century.

Today, CSL's offerings are more diverse than ever to help develop and deliver lifesaving medicines to protect human health.

**One of the world's largest influenza vaccine manufacturers** with innovative technologies and products

**Differentiated influenza vaccines** based on egg- and cell- based manufacturing and novel adjuvant technology

**Broad portfolio** of influenza vaccine products

**Major pandemic partner** to governments around the world

Manufacturing and R&D capabilities across **3 continents**

**Early projects** on novel formulations and delivery technologies

## OUR VALUES

Our values are fundamental to our success — helping us to save lives, protect the health of people, and earn our reputation as a trusted and reliable global leader.

### PATIENT FOCUS

Make people and patients your passion

### INNOVATION

Reach for the unreachable

### SUPERIOR PERFORMANCE

Make yourself proud

### COLLABORATION

Adventure together

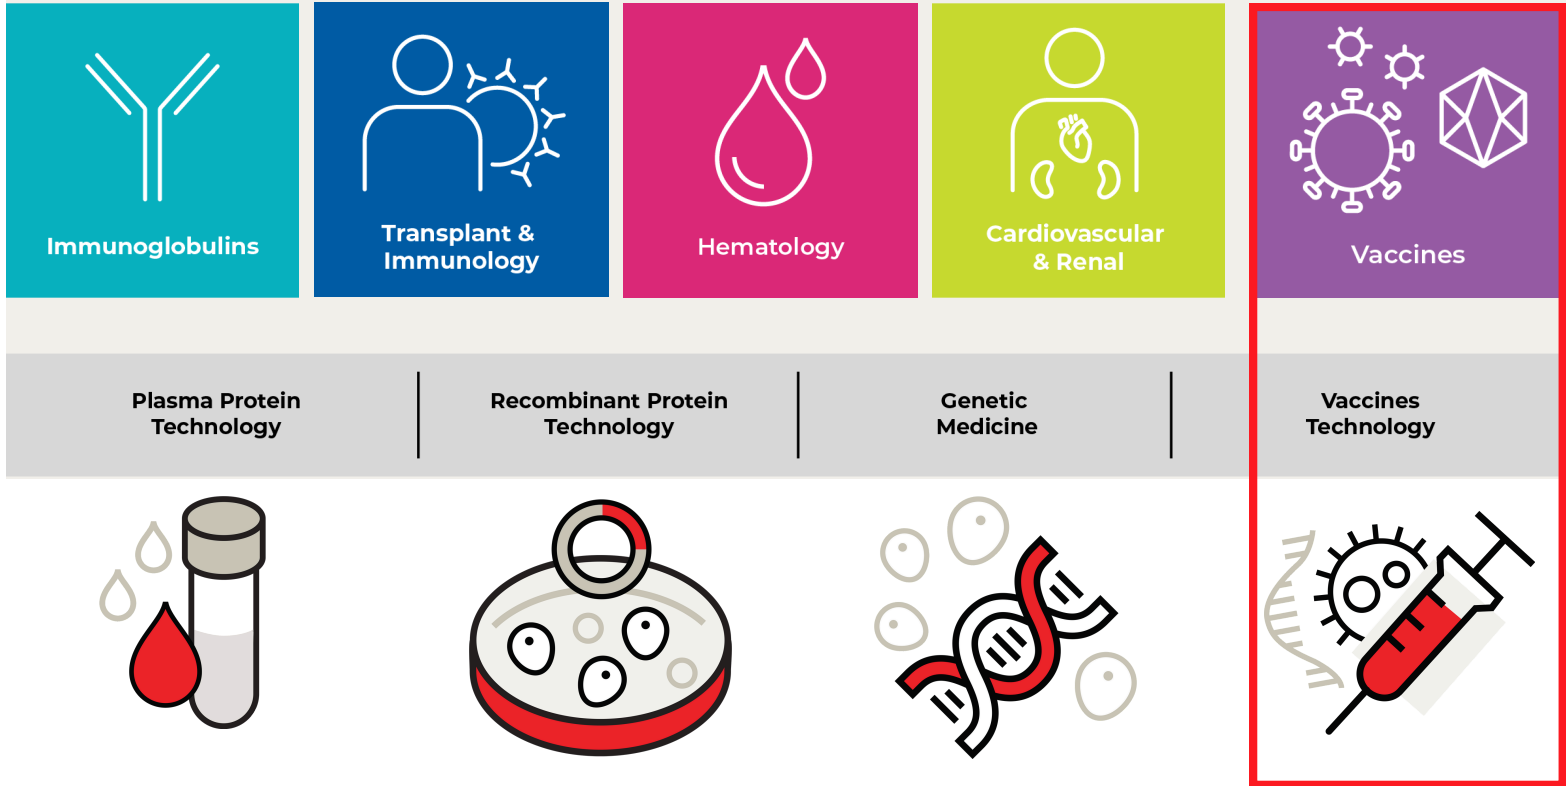

### INTEGRITY

Walk your talk

# CSL SEQIRUS FELLOWSHIP | Vaccines

## CSL Therapeutic Areas

CSL Seqirus utilizes **egg, cell, and adjuvant** technologies to offer a broad portfolio of differentiated influenza vaccines

The year-round production of seasonal influenza vaccine for both northern and southern hemispheres, enables us to be in a constant state of readiness to respond to a pandemic emergency.

# LEADERSHIP

**Gregg C. Sylvester,**  
MD, MPH

Chief Health Officer &  
Head of Medical Affairs

Dear Prospective CSL Seqirus Fellow,

Thank you for your interest in our post-doctoral CSL Seqirus PharmD Fellowship program. We are very excited to offer this fellowship program in collaboration with Northeastern University. In today's environment, it is critical for all healthcare professionals to be exposed to a vast array of career options. This is a great opportunity for pharmacists to learn first-hand the skills and responsibilities of a Medical Affairs professional within the pharmaceutical industry and play a role in protecting the world's health through the development of vaccines.

As a part of the CSL Group, CSL Seqirus' history dates back over 100 years in the fight against the Influenza (H1N1) Pandemic of 1918, and we have been committed to protecting the public against influenza ever since.

Our dynamic Medical Affairs team and collaborative environment motivates each of us to succeed at CSL Seqirus, for employees and future fellows alike. We are dedicated to the growth and development of our fellows, and those completing this program will have had the opportunity to hone their skills through real-world experiences and contribute to the success of CSL Seqirus.

This is a very exciting time for science and vaccines, and we are devoted to pursuing cutting-edge research to protect our communities from seasonal and pandemic threats. I wish you the best of luck while you explore opportunities for your future career and hope you consider our CSL Seqirus Fellowship program.

All the best!

# CSL Seqirus Medical Affairs Fellowship

## Actively Recruiting 1 Fellow

CSL Seqirus and Northeastern University are proud to announce a 24-month fellowship designed to provide pharmacists with a broad exposure to the area of Medical Affairs. The two-years fellowship provides an opportunity to learn the skills and gain the experience necessary to excel as a medical affairs specialist.

### Promising FUTURES

The fellow will help the team to execute the strategy and implementation surrounding the collection, preparation, and dissemination of medical and scientific information on CSL Seqirus’ products.

## YEAR 1

Jul   Aug   Sep   Oct   Nov   Dec   Jan   Feb   Mar   Apr   May   Jun

### Onboarding and training

Onboarding and training

### Medical information

Ensure that strategically aligned scientific communication is medically accurate and supported by appropriate data

### Communications and Publications

Assist with the oversight of primary and secondary manuscripts (including abstracts and posters) review and approval prior to submission to journals and congresses

# STRUCTURE | Two Years of Fellowship

Represent CSL Seqirus at scientific and medical forums, including medical education forums, scientific roundtables, congresses, and symposia.

Assist with execution of Educational Projects including gathering of metrics (CME grants)

## We are

- An established global leader
- Enjoying sustainable growth

## We offer

- Meaningful work
- Passionate people
- Opportunities to grow your career

## YEAR 2

Jun Jul Aug Sep Oct Nov Dec Jan Feb Mar Apr May Jun

### Medical Affairs PRC

Ensure timely medical support for Promotional Review Committee (PRC) for all CSL Seqirus' products and consistent cross-functional communication and collaboration on ongoing publication projects and project updates with key stakeholders internally and externally.

### MSL

Maintain excellent professional relationships, engage and cultivate relationships with leading KOLs to gain contribution/participation in advisory boards, greater understanding of influenza vaccines and insights into unmet patient needs

### ELECTIVE ROTATION

Elective of fellow's choice: can repeat one of the electives above OR can explore new areas:

- **Global Medical Strategy**
- **Health Economics**
- **Real-World Evidence**

## MEET THE TEAM | Fellowship Director

**MICHAEL MLAKAR,**  
**PharmD, Medical Information &  
Informatics Specialist**

## MEET THE TEAM | Fellowship Advisors

**NANCY DOUGHERTY, BS.RN, MPH, Sr. Director, Med Comms, Ops, Quality & Compliance**

"I am excited to invite you to consider a fellowship with us at CSL Seqirus, within Medical Affairs. We are a lean and highly energized team of professionals with a focus on communicating the science that supports our vaccines and contribute to public health around the world".

**ASHESH GANDHI, PharmD, Executive Director, Medical Affairs - Americas**

"Thank you for your interest in our Medical Fellowship Program as you embark on the next chapter of your professional journey. We will offer unbridled experience in respiratory vaccines and provide an opportunity for the fellow to explore interests in multiple areas of Medical Affairs. We believe our program will help with developing the next generation of young talented professionals".

# MEET THE TEAM | Fellowship Preceptors

**Alison Wright**, PharmD,  
Senior MSL, Preceptor

**Radha Kadiwar**, PharmD,  
Associate Director, US  
Medical Affairs –  
PRC, Preceptor

**Aimee Ferraro**, PhD,  
MPH, Senior Manager –  
CORE, Preceptor

**Charlie Knox**, PharmD,  
Publications Lead,  
Preceptor

**Anya Fleschar**, PharmD,  
Global Medical  
Information Specialist,  
Preceptor

## MEET THE TEAM | Fellows

**Thomas Senneff**, PharmD,  
University of Michigan  
2nd Year Fellow, 2024-2026

**Chansonida Uk**, PharmD,  
University of Rhode Island  
1st Year Fellow, 2025-2027

# MESSAGES FROM CSL SEQIRUS ALUMNI

**Charlie Knox**, PharmD,  
Fellowship Class 2022-2024  
Current: Publications Lead  
at CSL Seqirus

"I am forever grateful for being a former Northeastern University PharmD Fellow with CSL Seqirus because it prepared me to be a successful leader and contributor in all the functions within medical affairs.

I can confidently say this fellowship adequately prepares one to become successful in medical affairs and be a vital asset in the pharmaceutical industry. It allows the fellow to take their PharmD training and apply it in a dynamic environment with the overarching goal of improving public health through influenza vaccination."

**Anya Fleschar**, PharmD,  
Fellowship Class 2023-2025  
Current: Global Medical  
Information Specialist at  
CSL Seqirus

"This fellowship is more than a steppingstone — it's a launchpad. You'll be challenged, inspired, and transformed by the work you do and the people you meet. Every day is an opportunity for you to grow into the leader you're meant to be. Step in with purpose and leave with impact."

# Northeastern University Pharmaceutical Industry Fellowships

## ABOUT OUR PROGRAM

### OVERVIEW

Northeastern University Pharmaceutical Industry Fellowships Program is a two-year experiential program designed to advance lifelong learning and the education and training of PharmD graduates. Critical to the success of the program is our ability to prepare fellows to meet the ongoing workforce needs in various areas of industry.

Our program provides fellows an opportunity to work with our innovative biopharmaceutical industry partners while collaborating with Northeastern University faculty in the areas of professional and career development, service, scholarship, and teaching.

### OUR MISSION

Our mission is to provide the highest quality training for future biopharmaceutical industry professionals by combining industry expertise with Northeastern University's renowned tradition of lifelong and experiential learning.

### CORE VALUES

- ☑ Innovation
- ☑ Lifelong Learning
- ☑ Social Impact Through Drug Development
- ☑ Quality Industry Pharmacy Training

### FOCUS AREAS

#### LEARN

Pursue graduate degrees or certificates in Regulatory Affairs, Business, Public Health, and more through tuition reimbursement.

#### TEACH

Teach pharmacy students in various small and large group classes. Earn a Teaching Certificate of achievement.

#### RESEARCH

Perform research with faculty and students. Present data at conferences. Publish your findings. Generate literature.

#### NETWORK

Boston has a lot to offer, both socially and professionally. Our program takes advantage of it all!

Thanks to the collaboration and dedication of our industry partners over the course of nearly 10 years, our program is now the 3rd largest industry fellowship program in the nation.

# OUR PROGRAM PILLARS

## TEACHING & SCHOLARSHIP

Teaching and Learning Seminar Series provides contextual activities and reflection on adult education and pedagogy outcomes.

## PROFESSIONAL & CAREER TRAINING

Professional Development and Career Training Series are customized to engage fellows in appropriate and professional conduct for success.

## SERVICE

Through their service on committees, fellows have an active connection within the community and program. This allows an opportunity to demonstrate leadership development and skills.

Northeastern University Pharmaceutical Industry Fellowships Program provides a dynamic academic environment offering fellows the opportunity for a wide breadth of experiences.

## PROGRAM OPPORTUNITIES

Develop teaching skills through participation in our Teaching and Learning Seminar Series

Utilize a layered learning model in experiential education by co-precepting students on pharmacy practice experiences including Northeastern's unique co-op program

Facilitate small and large group didactic education in partnership with a faculty mentor

Create, present, and publish scholarly research through collaborative industry and university relationships

Engage with faculty who participate in various interdisciplinary graduate programs including biotechnology, nanomedicine, immunology, health informatics, and drug discovery

Network with local residents and other Northeastern fellows via professional development programs, teaching seminars, and participation on fellowship committees

# OUR PARTNER COMPANIES

SINCE 2015

Through these exciting partnerships, Northeastern fellows collaborate and learn from each other, further positioning them to be successful in both academic and industry settings. Fellows are empowered to shape their experience, as well as the future of the program, through leadership on the Professional Development & Networking and Recruitment committees.
