

# DompéPharmD

## 2-year Fellowship Program

Program Guide and  
Application Information  
In Collaboration with  
Northeastern University –  
Bouve College of Health Sciences

# A message from Dompé's Leadership

"At Dompé, we are thrilled to launch this new PharmD Fellowship Program in collaboration with Northeastern University. This partnership represents an exciting step forward in our commitment to developing the next generation of scientific, and Regulatory leaders.

While this is our inaugural fellowship program at Dompé, our team includes many experienced preceptors who have mentored and developed PharmD fellow across leading pharmaceuticals and biotech organizations over the years.

Through this 2-year immersive program, fellows will gain hands on experience within Global Regulatory Affairs. Our goal is to offer a dynamic and meaningful environment that reflects the innovation, rigor and purpose that drive our mission to develop and bring groundbreaking medicines to patients at Dompé.

We are excited to welcome passionate and curious PharmD candidates who are eager to shape the future of Biotech with us."

**Sandra Nino-Siddens, PharmD**  
Vice-President, Global Regulatory Affairs  
Dompé

# We embrace the **challenge** in science

At Dompé, we are deeply committed to partnering with the scientific community to unlock value from drug and technology developments and advance discoveries into new treatments.

# Scientific Universe at Dompé

## Ophthalmology – front of the eye

- Our **core therapeutic area**
- **No planned modifications** to the strategy
- Implementation of a **focused dedicated team**

### MAIN ASSETS:

NGF

LDX

ISOCYCLOLSPORIN

## Other main therapeutic areas:

### Ophthalmology – back of the eye

- Leverage on **know-how, expertise, assets and network**

#### Most relevant programs:

- Traumatic Optic Neuropathy
- Primary Open Angle Glaucoma
- Angle-Closure Glaucoma
- Non-Arteritic Anterior Ischemic Optic Neuropathy (NAION)

### Neurology

- **High potential area**
- **Clinical proof of concept of NGF's application** in several **neurological indications**

#### Most relevant programs:

- Peripheral nerve injury
- Traumatic brain injury (TBI)
- Hemorrhagic stroke
- Spinal cord injury
- Neurogenic ulcers
- Neonatal Hypoxic Ischemic Encephalopathy (NHIE)
- Cerebral Palsy (CP)

### Pain

- **NGF** is closely associated to **key processes in several pain indications**
- Many **significant proprietary assets** with potential

#### Most relevant programs:

- Neuropathic corneal pain
- Visceral pain in CIC1
- Cluster headache
- Peripheral neuropathic pain
- Post-surgical pain
- KLG and KLS studies

## Program Overview

# 2-Year PharmD Fellowship Program

→ In collaboration  
with Northeastern  
University

Duration: 2 years

Start Date: July 2026

Location: Remote;  
San Mateo

# Tracks Offered

---

**Regulatory Affairs (2 fellows)**  
Strategy with 6 months  
in Commercial RegA –  
Advertising and Promotion

# Why Join Our Fellowship?

---

Hands-on experience in biotech regulatory strategy and Regulatory Advertising and Promotion

Personalized mentorship from industry and academic leaders

Northeastern academic development & teaching opportunities

Networking and national conference participation

# Program Structure

---

## Year 1:

Onboarding, regulatory training, IND submissions, HA interactions

## Year 2:

Strategic planning, submissions, leadership projects, mentoring

## Including 6 months:

in different Regulatory function –  
Advertising and Promotion or others

# Eligibility & Application

---

## Eligible:

Final-year PharmD students or recent graduates (ACPE-accredited)

## Deadline:

October 15, 2025

## Materials:

- CV;
- Letter of Intent Transcript;
- 3 Letters of Recommendation

## Interviews:

Virtual and ASHP Midyear (PPS)

# Contact Information

---

# Northeastern University Pharmaceutical Industry Fellowships

## ABOUT OUR PROGRAM

### OVERVIEW

Northeastern University Pharmaceutical Industry Fellowships Program is a two-year experiential program designed to advance lifelong learning and the education and training of PharmD graduates. Critical to the success of the program is our ability to prepare fellows to meet the ongoing workforce needs in various areas of industry.

Our program provides fellows an opportunity to work with our innovative biopharmaceutical industry partners while collaborating with Northeastern University faculty in the areas of professional and career development, service, scholarship, and teaching.

### OUR MISSION

Our mission is to provide the highest quality training for future biopharmaceutical industry professionals by combining industry expertise with Northeastern University's renowned tradition of lifelong and experiential learning.

### CORE VALUES

- ☑ Innovation
- ☑ Lifelong Learning
- ☑ Social Impact Through Drug Development
- ☑ Quality Industry Pharmacy Training

### FOCUS AREAS

#### LEARN

Pursue graduate degrees or certificates in Regulatory Affairs, Business, Public Health, and more through tuition reimbursement.

#### TEACH

Teach pharmacy students in various small and large group classes. Earn a Teaching Certificate of achievement.

#### RESEARCH

Perform research with faculty and students. Present data at conferences. Publish your findings. Generate literature.

#### NETWORK

Boston has a lot to offer, both socially and professionally. Our program takes advantage of it all!

Thanks to the collaboration and dedication of our industry partners over the course of nearly 10 years, our program is now the 3rd largest industry fellowship program in the nation.

# OUR PROGRAM PILLARS

## TEACHING & SCHOLARSHIP

Teaching and Learning Seminar Series provides contextual activities and reflection on adult education and pedagogy outcomes.

## PROFESSIONAL & CAREER TRAINING

Professional Development and Career Training Series are customized to engage fellows in appropriate and professional conduct for success.

## SERVICE

Through their service on committees, fellows have an active connection within the community and program. This allows an opportunity to demonstrate leadership development and skills.

Northeastern University Pharmaceutical Industry Fellowships Program provides a dynamic academic environment offering fellows the opportunity for a wide breadth of experiences.

## PROGRAM OPPORTUNITIES

Develop teaching skills through participation in our Teaching and Learning Seminar Series

Utilize a layered learning model in experiential education by co-precepting students on pharmacy practice experiences including Northeastern's unique co-op program

Facilitate small and large group didactic education in partnership with a faculty mentor

Create, present, and publish scholarly research through collaborative industry and university relationships

Engage with faculty who participate in various interdisciplinary graduate programs including biotechnology, nanomedicine, immunology, health informatics, and drug discovery

Network with local residents and other Northeastern fellows via professional development programs, teaching seminars, and participation on fellowship committees

# OUR PARTNER COMPANIES

SINCE 2015

Through these exciting partnerships, Northeastern fellows collaborate and learn from each other, further positioning them to be successful in both academic and industry settings. Fellows are empowered to shape their experience, as well as the future of the program, through leadership on the Professional Development & Networking and Recruitment committees.
